NPS Workgroup

- Subcommittee of Massachusetts Bioterrorism Preparedness Advisory Committee
- Advises the Advisory Committee, the Hospital Preparedness Planning Committee and DPH on implementing NPS-related aspects of the Bioterrorism Preparedness & Response Program (CDC Cooperative Agreement)

NPS Workgroup

- Refine interim state-wide NPS asset management plan
- Develop detailed state-wide NPS asset management plan
- Assist in development of regional and local NPS asset management plans
- Develop regional plans for vaccination of or distribution of antibiotics to entire state population within 3-5 days

NPS Workgroup: Mission Statement (Proposed)

To advise the DPH on:

- development of detailed state-wide and regional plans to manage distribution and dispensing of NPS assets;
- development of model plans for local and hospital NPS asset management;
- development of operational capability to carryout plans; and
- evaluation and assessment of plans and operations.

NPS Subgroups
